

fact sheet – craftsman for highway and airport construction

TelForce principals have more than thirty years identifying talent that stands out among their peers – people with a proven track record and a documented history of creating value with every placement.

TelForce is a nationally recognized temporary staffing service featuring skilled and unskilled temporary laborers who are available for short or long term business.

Just In Time Resource Management

You know only too well that experienced, qualified manpower with a valid driver's license that can pass background checks and drug screens are becoming increasingly difficult to source. Moreover, very few companies in the marketplace provide these high risk skilled employees on a contingency basis. Your answer is *Just In Time Resource Management* through TelForce.

TelForce Can Meet Your Need for Qualified Human Capital

Do not make amateur mistakes when hiring. Take control of your project work with an experienced staffing partner; control your schedule, quality, safety and gross margin. TelForce Group solutions are scalable. We will guide you in the evaluation – finding just the right solution for your project needs and long term financial health.

Staffing

For 30 years the executives of TelForce have provided professional staffing services. TelForce can provide a single technician or a large crew of workers with both domestic and international experience. We consistently deliver on small and large complex projects. Our experience in finding mission critical human capital and multiple industry talent is what sets us apart.

Temp-to-Perm

While there can be a stigma attached to being a “temp”, many companies make the strategic decision to fill their positions with temporary workers to better manage costs. Hiring employees can be expensive; getting rid of a problem employee can be even more costly. Temp-to-Perm allows you to “try on an employee for size.” Our Temp-to-Perm program lets you observe a potential employee's on-the-job performance – before you hire. Take advantage of this program to evaluate skills, productivity, work ethic, and team chemistry before committing permanent hire dollars.

Payroll Services

Choose the personnel you want to work for you and avoid the process of placing them on your payroll. TelForce will quickly and seamlessly work with you to locate the best rates for qualified candidates to be the Employer of Record for as many people you choose for as long as you need them.
